

Guernsey All Time Performances

Conventions used throughout listings

These are intended to be (Guernsey Bailiwick) National record lists. Qualification for inclusion will be by birth or meeting a qualification period of 2 years residency.

Athletes maintaining or asserting eligibility status for opposing competing nations/islands other than umbrella GB “Home Nations” will not be included.

Every effort will be made to log performances by newly resident athletes but any such ‘pending’ performances (normally denoted by italics) will only be fully ratified once a two year period of residency is met.

Non-birthright athletes who cease to become resident will not be able to record valid performances once their period of residency is finished but performances achieved during their qualifying two year residency period will remain in lists.

These are senior all-time lists. Performance at Under 20, Under 17, Under 15 and U13 ages are included and noted (senior specification weights/heights if applicable to event)...where included they are not necessarily age group records as some higher ranking athletes with performances at older age groups may also have surpassed these whilst younger.

wa = Wind Assisted performance where of note, included for interest only

i = Performance achieved within indoor competition.

y or fi converted imperial performance – courtesy Ray Hollis

original 22nd Feb 2016 - latest update Nov 5th 2018
