4 x 75metres Relay

Start line is 300m race start - which is at the start of the back straight (next to the throws cage)

Competitors in relays will be called to the finish area in the first instance so that you/we can ensure all runners are present we will then direct heats 1 & 2 to the start/change over positions on the track.

We will have one official at the start and each of the 3 change over places to ensure they are in the correct lanes.

The lane draw listed will apply to all relay races to avoid any confusion.
